### **Course Description**

This course will study “la convivencia” or how Muslims, Jews and Christians created a culture of tolerance in Medieval Spain. It will explore the contributions of each culture to the sciences, arts and literature that have had an impact in contemporary society. Finally, it will examine the reasons why this world tragically vanished and the lessons to be learned from this.

We devote some of the class to online work and other hands-on activities.

### **About the Adult Bridge Program**

The Adult Bridge Program is a dual admissions program that is the result of a shared commitment to the success of adult students held by Truman College, Wright College, and SNL. The Bridge offers students a unique learning experience that couples the City Colleges of Chicago (CCC) and DePaul resources, allowing students an opportunity to experience the university environment at their own pace, and helps adult students transition smoothly to DePaul. Bridge classes are team taught by professors from the CCC and DePaul.
